

Xiao-I Corporation and the National Association of the Deaf Partner to Enhance Accessible Communication for Deaf Individuals with AI Technology

September 9, 2024

SHANGHAI, Sept. 9, 2024 /PRNewswire/ -- Xiao-I Corporation (NASDAQ: AIXI) ("Xiao-I" or the "Company"), a leading artificial intelligence company, announces that it signed a strategic partnership with the National Association of the Deaf (the "NAD"), a premier American organization dedicated to improving the quality of life for deaf and hard of hearing individuals. This collaboration aims to leverage AI technology to break down communication barriers and enhance accessibility for the deaf community.

The NAD, established in 1880, is the nation's foremost civil rights organization for deaf and hard of hearing individuals, advocating for their rights and providing critical resources and support. The NAD's mission encompasses a wide range of advocacy areas including education, employment, healthcare, and technology, all aimed at improving the lives of millions of deaf and hard of hearing Americans.

The strategic cooperation between Xiao-I and NAD will focus on developing and implementing advanced AI solutions to facilitate seamless communication for deaf individuals. By integrating Xiao-I's cutting-edge AI technology with NAD's extensive expertise and resources, the partnership aims to create innovative tools and platforms that enhance communication accessibility. These AI-driven solutions will be tailored to meet the unique needs of the deaf community, ensuring they are user-friendly and highly effective in real-world scenarios. The collaboration seeks to empower deaf individuals by providing them with tools that enable better access to information, services, and opportunities, thus fostering greater inclusivity and social integration.

Introducing Hearview Smart Glasses for the Deaf

In line with Xiao-I's commitment to accessibility, the company has launched the Hearview Smart Glasses in US market in August 2024, designed to improve communication and accessibility for the deaf and hard-of-hearing community. These innovative glasses offer real-time subtitles for conversations, enhancing everyday interactions. According to data from the Centers for Disease Control and Prevention (CDC), approximately 46 million adults in the U.S. report some form of hearing loss, and Xiao-I's AI technologies aim to address this need. A product testing video can be viewed here: [Hearview Smart Glasses Test](#).

This partnership underscores Xiao-I Corporation's commitment to its Environmental, Social, and Governance (ESG) principles and the "AI for Good" initiative. By focusing on social impact and the ethical use of AI, the collaboration aims to set a benchmark for how technology can be harnessed to address social challenges and promote equality. "At Xiao-I, we believe in the transformative power of AI to drive social good. Our partnership with NAD is a testament to our commitment to using AI to create inclusive solutions that improve lives," said Hui Yuan, CEO of Xiao-I Corporation. "Together, we aim to break down communication barriers and enhance the quality of life for deaf individuals."

Forward-Looking Statements

This press release contains forward-looking statements as defined by the Private Securities Litigation Reform Act of 1995. Forward-looking statements include statements concerning plans, objectives, goals, strategies, future events or performance, and underlying assumptions and other statements that are other than statements of historical facts. When the Company uses words such as "may," "will," "intend," "should," "believe," "expect," "anticipate," "project," "estimate" or similar expressions that do not relate solely to historical matters, it is making forward-looking statements. Forward-looking statements are not guarantees of future performance and involve risks and uncertainties that may cause the actual results to differ materially from the Company's expectations discussed in the forward-looking statements. These statements are subject to uncertainties and risks including, but not limited to, the following: the Company's ability to achieve its goals and strategies, the Company's future business development and plans for future business development, including its financial conditions and results of operations, product and service demand and acceptance, reputation and brand, the impact of competition and pricing, changes in technology, government regulations, fluctuations in general economic and business conditions in China, and assumptions underlying or related to any of the foregoing and other risks contained in reports filed by the Company with the U.S. Securities and Exchange Commission ("SEC"). For these reasons, among others, investors are cautioned not to place undue reliance upon any forward-looking statements in this press release. Additional factors are discussed in the Company's filings with the SEC, including under the section entitled "Risk Factors" in its annual report on Form 20-F filed with the SEC on April 30, 2024, as well as its current reports on Form 6-K and other filings, all of which are available for review at www.sec.gov. The Company undertakes no obligation to publicly revise these forward-looking statements to reflect events or circumstances that arise after the date hereof.
